Cloud Services Overview

Maximum flexibility
Minimum complexity

Your insurance when
everything else fails

SWIFT inside your
business applications

A typical SWIFT infrastructure

Many SWIFT-specific components to maintain

More technical, more SWIFT specific

ARG eliminates many technical components

You keep full control over your messaging setup

Highly secure
Designed and operated by SWIFT

Cost-effective
Save money by letting SWIFT host technical components

Peace of Mind
Runs inside our secure OPCs

Best in class reliability and support

This is a real SWIFT infrastructure!

Resilience comes at a high cost

Access

Web Platform

Gateway

HSM

Primary site

The Primary site is represented by a dark-bordered box containing four black server racks. The top row consists of two racks labeled 'Access' and 'Web Platform'. The bottom row consists of a rack labeled 'Gateway' and a Hardware Security Module (HSM) labeled 'HSM'.

Alliance Remote Gateway – Highlights

Alliance Gateway hosted by SWIFT

Peace of mind through SWIFT's highly secure and reliable operations and support

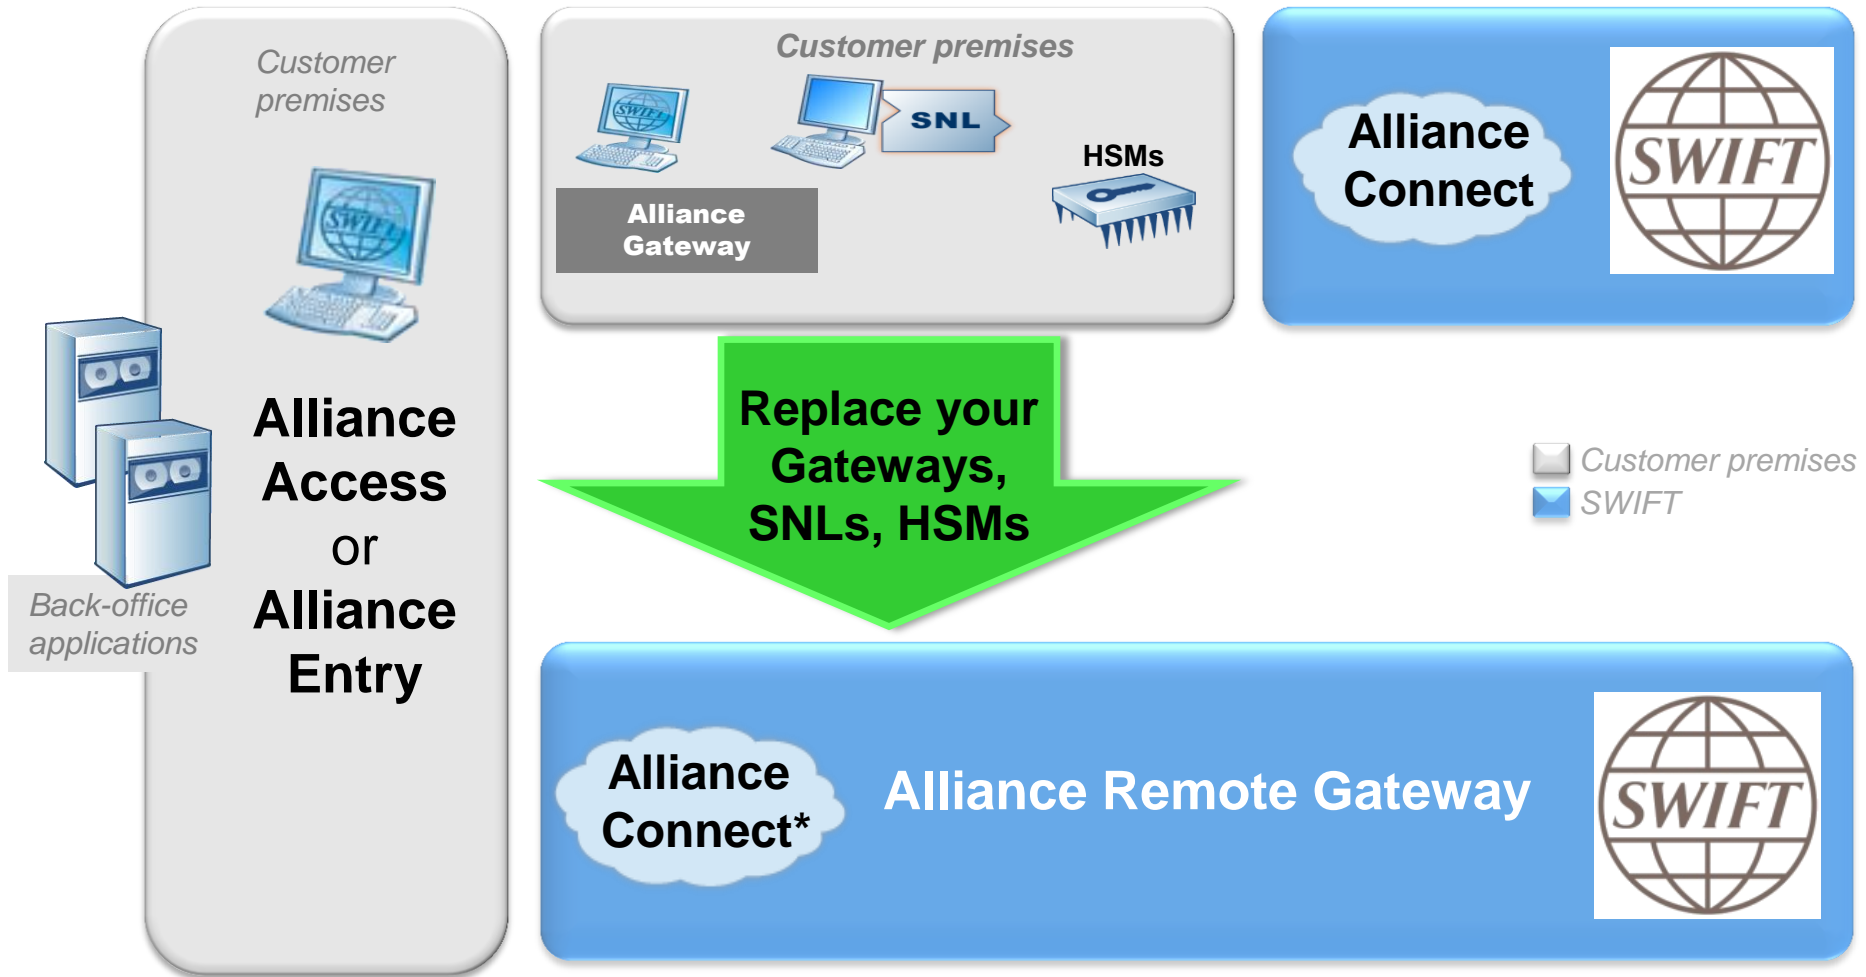

Less complexity, effort, and infrastructure for you

All SWIFT messages, all SWIFT flows including FIN, InterAct, FileAct and Browse

No change to features, screens and integration capabilities of Access or Entry

What is Alliance Remote Gateway?

* All Alliance Connect versions are supported (Bronze / Silver / Silver+ / Gold), optional internet

Alliance Remote Gateway – Light footprint

1

Alliance Access or Entry on Windows, Linux, AIX and Oracle Solaris

2

SWIFT VPN boxes (Alliance Connect)

- *All options supported (Bronze/Silver/Silver+/Gold) allowing to connect using leased lines and/or internet*
- *Secure & reliable, with resiliency built-in*

3

SWIFT security tokens (USB)

** support for software certificates coming soon*

Simplify your systems:

- **No** need to run Alliance Gateway, SWIFTNet Link or HSMs at your premises
- **No** need for additional software
(Alliance Access and Entry have built-in support for Alliance Remote Gateway)

Alliance Lifeline – Highlights

Always ready, activated on demand

All SWIFT message types and standards

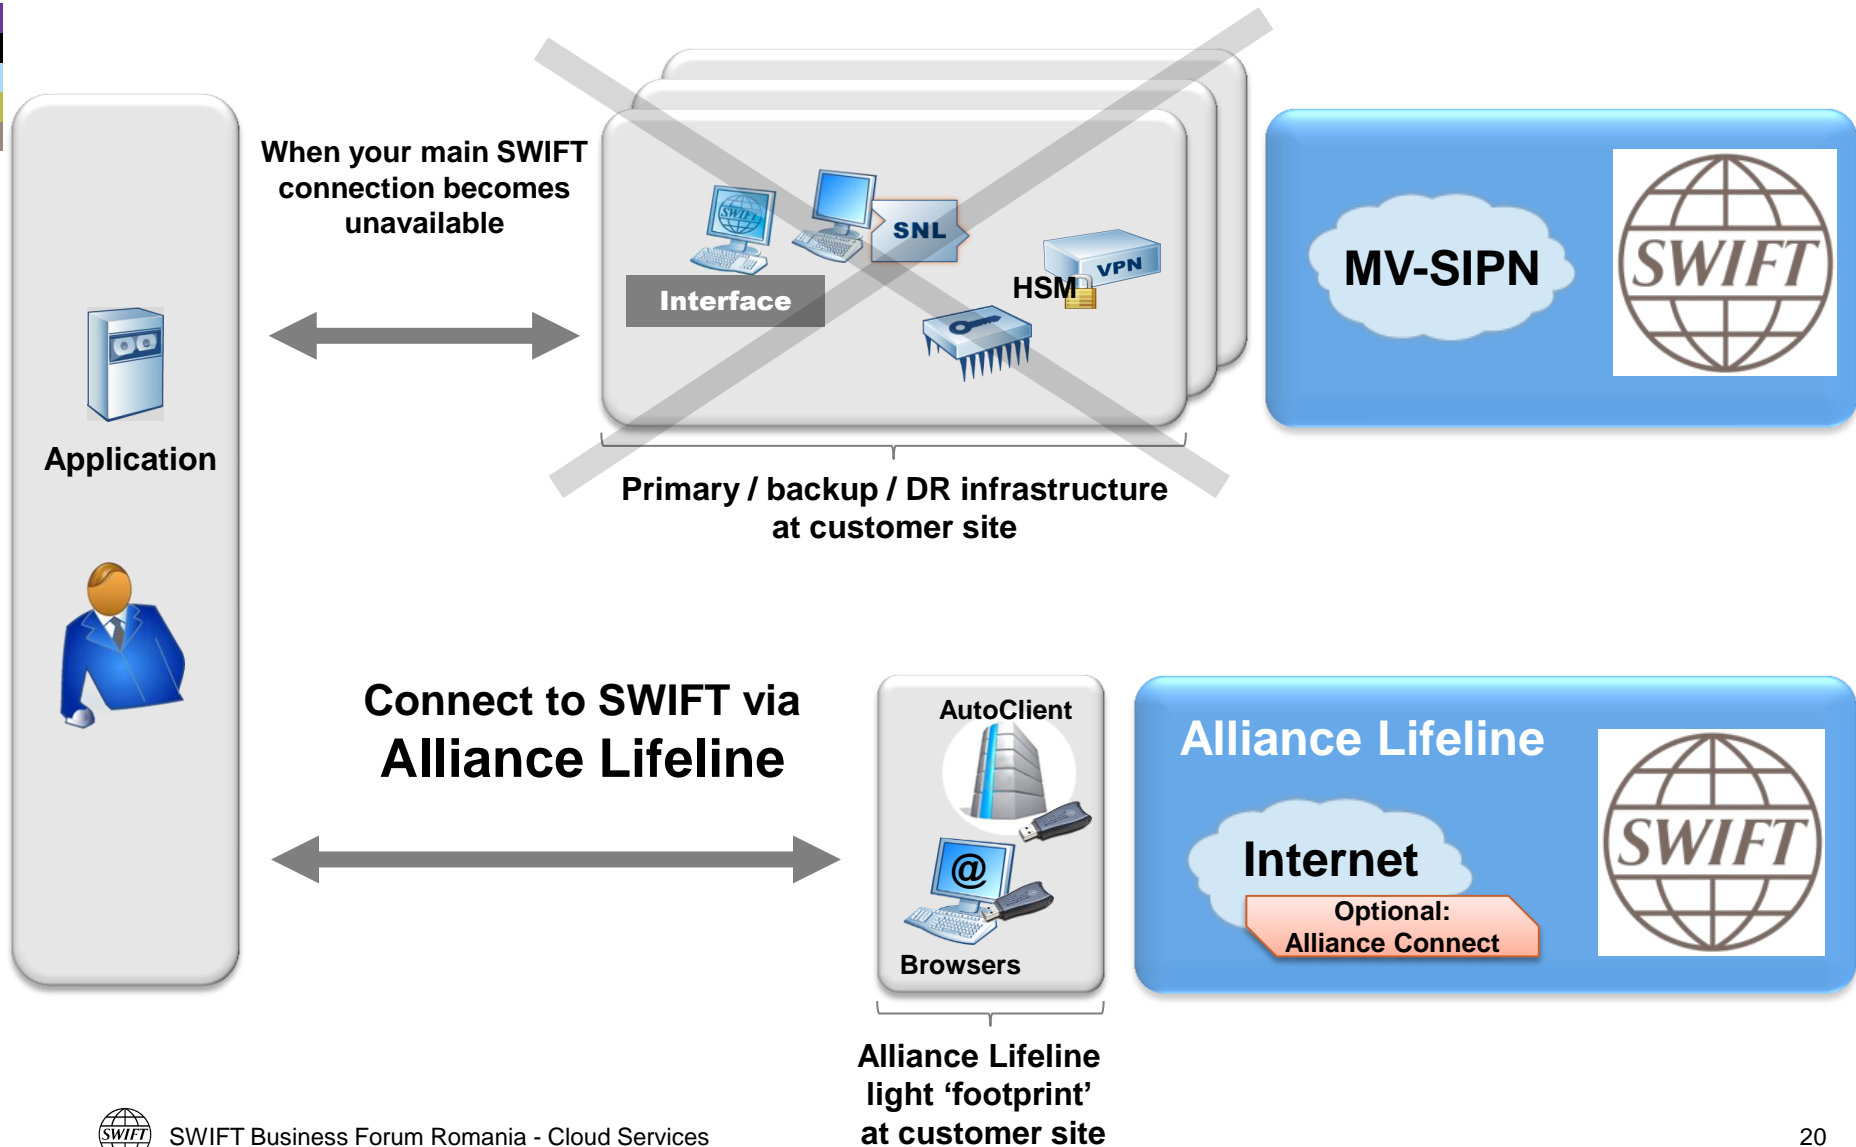

Peace of mind with SWIFT's world-class security, reliability, service and support

Manual and automated operations

Cost-effective cold standby solution

What is Alliance Lifeline?

Alliance Lifeline – Light footprint

1

Standard broadband **Internet connection**
**Option to connect using VPN*
